Office of the DD/S&T

TO: Mr. Colby

SUBJECT: General Allen's proposed memo to
the DNRO

REMARKS:

Bill:

We have been working closely with the NRO and [redacted] on these kind of considerations, particularly with regard to the future mix of photo satellites. The subject is much more complex than is implied by General Allen's letter and when the time comes for EXCOM to deal with it, the problem must be posed in a much more comprehensive way.

* I would like an opportunity to discuss this with you before you allow any instructions to be forwarded.
